
DONKEY TALES

ISSUE 60 July - August 2022

The Hay Has Arrived!

Thanks to you, our wonderful friends and supporters, and thanks to our special friend, Christine MacMillan, who organized a GoFundMe for us, we were able to purchase a 40' container of hay from Florida for our donkeys in the Sanctuary – and it has arrived!

The bales are heavy and it took a couple of days for us to get it out of the container and into the hay barn and our overflow storage shed but we got it done - and then the big moment:

Please note: 😊 they are wearing the new collars Ray and Deb gave them – it's an important occasion!

Our donkey-goat Rose (or should it be goat-donkey?) got into the act too!

The longstanding drought has been terrible, the donkeys have been getting thin. This is a real life saver! Combined with the feed that you have helped us purchase, the donkeys will be doing much better in no time!

Overseas Volunteers

We recently had two young women from the US volunteer with us. Jane and Ella stayed in our volunteers' accommodation for about three weeks, working primarily with our Shelter Manager, Tequesa Georges, in the mornings and exploring Antigua's beaches and other attractions in the afternoons. They were a great help with cleaning and feeding the dogs and cats, socializing the kittens, walking and grooming the dogs.

They also helped Tequesa with the children's groups that visited the Donkey Sanctuary.

We have a very small staff so we are always very grateful for our volunteers! Like Jane and Ella most of them come to us through the Workaway program.

To learn more about us, our volunteers and our visits from children's schools, summer camps, etc visit our Facebook Pages:

The GoFundMe that our friend, Christine MacMillan, set up for the Sanctuary is open-ended in the hope that supporters will be able to make donations from time to time so that we can continue to purchase the horse feed that is so vital to our ability to care for the donkeys as well as necessary veterinary medicines.

If you are able to help us through these difficult times, please consider making a donation on the GoFundMe page at
